Don't Tax My CU !

Credit unions promote the economic well being of their members, especially those of modest means, through a system that is member-owned, volunteer-directed and not-for-profit. Income tax exemption helps credit unions like us provide you with the financial services that you value most. We exist to serve you, our members, not to make a profit. Unfortunately policy is being formulated on capitol hill that could raise taxes and impose new fees on 96 million credit union members. To learn more about this national campaign or to make your voice heard, visit donttaxmycreditunion.org. Join us in telling congress "Don't Tax My Credit Union!"
