New Information regarding your VISA Access Point

By now, all AAA FCU VISA cardholders should have received a letter urging you to register your card. Visit www.aaafcu.com and under "Helpful Links" you will find "VISA Card Access Point."

Even if you were enrolled in VISA statements before, you will still need to register your card.

This allows you to look at your statements, make payments, set up alerts for your card and check your history and current transactions, among other services.

If you have questions about your VISA card, registering your card or obtaining a card, ask any teller for assistance.

Be Aware of Phone Scams

Be aware that phone scams are on the rise. Don't ever give out financial information to anyone who calls requesting information such as social security number, account numbers or other personal information.

These callers may claim to be associated with the IRS or the Social Security Administration and often request wire transfers or pre-paid cards and the calls are sometimes threatening.

"This caller-ID spoofing scheme has unfortunately evolved to include the Social Security Advisory Board, but it is the same type of scam, attempting to mislead people by using the trusted name of Social Security," Social Security Inspector General Gail S. Ennis said. "I encourage everyone to alert your family and friends about how common these scams are, and to be very cautious when speaking with unknown callers, even if you recognize the caller ID."

If you receive a suspicious call, you may report that information online at <https://oig.ssa.gov/report> or by calling (800) 269-0271, Monday through Friday, 10 a.m. to 4 p.m. Eastern Time. You can also report these scams to the Federal Trade Commission through a new site specific to Social Security scams: <https://identitytheft.gov/ssa>.
